VILLA REAL

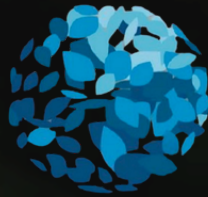

5* HOTEL

This recognition is the result of a full year of work audited by an external entity that analyzes key indicators such as:

- Carbon footprint
- Energy consumption
- Water usage
- Waste management
- Social impact and governance

IN GREEN WE TRUST

Optimize the use of energy and water resources through responsible management. Ensure waste is managed with respect for the environment.

IN PEOPLE WE TRUST

Support the local economy, work with responsible suppliers, and create quality employment.

IN CULTURE WE TRUST

Preserve the artistic, cultural, and architectural heritage that defines our hotels.

At Derby Hotels Collection, we understand that excellence in hospitality also means taking responsibility for the environment and the cities that host us.

A COLLECTIVE ACHIEVEMENT

Over the past year, numerous initiatives have been carried out:

- Specialized training for staff in sustainability and efficient resource management
- Collection and analysis of operational data over 12 months
- Review of internal processes across all areas
- Implementation of new practices and operational improvements
